1.4. / COVERAGE ZONES UNDER THE PLAN

The geographical coverage zone is determined by the Member's main country of residence abroad. The benefits can be claimed in the main country of residence and in the associated geographical coverage zone.

Subject to payment of the corresponding Premium, the Member may opt for a Selected coverage zone for themselves and their Dependents which is higher than that corresponding to their Main country of residence. They cannot, however, opt for a Selected coverage zone lower than that corresponding to their Main country of residence.

It should be noted that the benefits can also be claimed in the member's country of origin if this is within the geographical coverage zone. **However, this provision is not applicable if the country of origin is the USA or a territory under U.S. jurisdiction, as listed below.**

There are 5 different Coverage zones under the plan, defined as follows:

- At the time of enrollment in the plan, membership will be denied if travel to the country or zone is classed as highly inadvisable (red zone) by the French Ministry of Foreign Affairs.
- During the period of membership, if travel to a country or zone is classified as strongly inadvisable (red zone) by the French Ministry of Foreign Affairs, coverage will continue to be provided, unless the country or zone classified as a "red zone" by the Ministry is neither the member's country of expatriation nor their country of origin. In this case, membership is suspended for the entire duration of the trip to the red zone, including for hospitalization and emergency treatment.

The list of countries or zones varies and is regularly updated by the French Ministry of Foreign Affairs.

The abbreviation UCR will be used in this information booklet serving as the general terms and conditions for ease of reference.

Prior approval: In all of the cases listed in the benefits schedules below where the insurer requires prior approval, **the coverage of any medical care requiring prior approval that has been delivered without prior approval (request for prior approval not submitted or denied by the insurer) will be denied.**

Medical emergency means emergencies following an accident or sudden, unexpected and unforeseen illness requiring surgery or medical treatment which cannot wait until repatriation to the main country of residence or the worsening of a serious illness which poses an immediate and serious threat to the health of the insured member.

In the event of a medical emergency as defined under the plan, please contact your claims department as soon as possible. If the insured member traveled to a higher coverage zone for the sole purpose of receiving treatment, if the symptoms of the disease were known to the recipient of the treatment before they enrolled in the plan or if the treatment is not subsequent to an accident or sudden, unexpected and unforeseen illness requiring surgery, treatment dispensed in this zone will not be covered, even in an emergency.

3.2.1. BENEFITS SPECIFIC TO THE USA AND TERRITORIES UNDER U.S. JURISDICTION FOR INSURED MEMBERS WITH ZONE 5 PLANS (WORLDWIDE INCLUDING THE USA AND TERRITORIES UNDER THE U.S. JURISDICTION)

IMPORTANT INFORMATION FOR HOSPITALIZATION AND MEDICAL CARE IN THE USA AND TERRITORIES UNDER U.S. JURISDICTION

If you opted for Zone 5, you are covered worldwide, including the United States and territories under U.S. jurisdiction (Puerto Rico, U.S. Virgin Islands, Northern Mariana Islands, U.S. Minor Outlying Islands, and American Samoa).

If you require treatment or hospitalization in the USA or in a Territory under US jurisdiction, or need to see a local Doctor, your plan enables you to benefit from specific agreements set up by MSH with 2 local partners: UnitedHealthcare and Optum RX.

These agreements mean you can:

- access a selection of Hospitals and healthcare practitioners (UnitedHealthcare) and pharmacies (Optum RX),
- avoid having to make a cash advance and have your medical prescriptions covered directly by the insurance, by presenting the UnitedHealthcare/Optum RX/MSH card beforehand.

IMPORTANT: Your coverage in the USA and Territories under US jurisdiction always gives you the freedom to choose which hospital or pharmacy is best suited to your treatment (including those outside the networks). However, if you choose to be treated or buy drugs prescribed in the United States or in Territories under US jurisdiction from a provider that is not part of the networks, **any payments we make will be reduced by 20%**.

However, if it is physically impossible for you to be treated by a member of the networks, for geographical reasons or in an Emergency, the 20% reduction in the level of reimbursement specified in the plan will not be applied.

This penalty is in addition to any others that may be applicable if treatment was received without a Request for prior approval being submitted.

Geographical exceptions include cases where, within a fifty (50) kilometer radius of the Insured member's home:

- there is no Hospital, Doctor, clinic or pharmacy belonging to the UnitedHealthcare International and Optum RX networks;
- the treatment or drugs required by the Insured member are not available in Hospitals or from Doctors and clinics or in pharmacies belonging to the networks.

Hospitalization and medical services, identical to those listed in the hospitalization benefits schedule: **HOSPITALIZATION (EXCLUDING HOSPITALIZATION IN THE USA OR TERRITORIES UNDER U.S. JURISDICTION)** and **OPTIONAL BENEFITS: ROUTINE HEALTHCARE - VISION AND DENTAL - PREVENTION (EXCLUDING THE USA OR TERRITORIES UNDER THE U.S. JURISDICTION)**, when they occur in the USA or a territory under U.S. jurisdiction depending on the level of coverage purchased, are covered on the basis of Usual, Customary and Reasonable costs as determined by us ("UCR"), as follows:

BASIC		REGULAR		PLUS	
In network	Out-of-network	In network	Out-of-network	In network	Out-of-network
80% UCR	60% UCR	90% UCR	70% UCR	100% UCR	80% UCR

It is specified that the maximum benefit amounts in €/€ per year, per medical service or in number of days remain the same.

5. / Reimbursements

Medical expenses are reimbursed within the limits of costs actually incurred, Usual, customary and reasonable costs in the relevant country and the limits specified under the plan (see below for an explanation of the concept of Usual, customary and reasonable costs).

5.1.1. DEADLINE FOR SUBMITTING A CLAIM FOR REIMBURSEMENT

All claims for the reimbursement of medical expenses must be submitted in accordance with the provisions of Article "Limitation period" to MSH within twenty-four (24) months of the date on which the medical care was provided. **Claims received after this twenty-four (24) month period will not be processed.**

5.1.2. SUPPORTING DOCUMENTS

In the event of an illness or accident giving rise to a claim, the insurer must be in possession of dated supporting documents showing the last name, first names, and date of birth of the patient and the local currency.

These supporting documents include:

- proof of expenses incurred and original proof of payment.
- original bills for fees or expenses, medical prescriptions, receipted prescriptions and itemized receipted invoices, dated and showing the type of illness, the nature and date of visits, and the medical care provided. The prescriptions must clearly show the name and price of the drugs and specify the local currency.
- if the medical care requires a request for prior approval: the prior approval form accepted by the insurer's medical advisor.

For medical care delivered outside the coverage zone during occasional stays, proof that the services are the result of a medical emergency, accident or unexpected illness as defined in the article "Definitions" must be provided to the insurer by any means.

The insurer reserves the right to request any other supporting documents it deems necessary. Any supporting medical documents must be sent to the insurer's medical advisor or to the insurer's consulting health professional under confidential cover.

All supporting documents can be sent in paperless format to MSH, your claims administrator. However, we reserve the right to request the original documents.

5.1.3. REIMBURSEMENT CURRENCIES

We will reimburse you in the currency you specified in your claim, unless it is illegal to make a payment in that currency under international banking regulations. In this case, we will reimburse you in the currency you normally use to pay your Premium. If the currency of your bank account is not the one you used to pay for your treatment, the exchange rate used to calculate your reimbursements will be the one published by the United Nations on the last day of the month preceding the date of treatment.

IMPORTANT: Payments cannot be made, either directly or indirectly, to a country which is subject to sanctions such as those imposed, for example, by the United Nations, the Office of Foreign Assets Control of the US Treasury (OFAC) or the European Union.

Reimbursement can be made by wire transfer in the currency of your bank account.

BANK CHARGES WHICH MAY APPLY

You will have no wire transfer fees to pay (other than the account maintenance fee) if the currency of your account and your reimbursement is the same as the currency of the country where your account is held.

5.1.4. REIMBURSEMENT FOLLOWING A REQUEST FOR PRIOR APPROVAL

If you fail to submit a Request for prior approval, or if it has been denied, the reimbursement of healthcare services provided under the Open group plan will be reduced. For all claims for reimbursement which are subject to prior approval but for which this procedure has not been followed, the Administrator (MSH) will apply a penalty of between 40% and 100% to the amount of the Benefit.

This penalty is in addition to any others which may be applicable if treatment is received in Zone 5 outside the UnitedHealthcare International medical network.

You should therefore be sure always to request prior approval before incurring any expenses. We will reply within 72 hours of receipt of your complete request.

5.1.5. CUMULATIVE INSURANCE

The reimbursement of or compensation for costs incurred as the result of an illness or accident cannot exceed the level of costs payable by the Member or their Dependent following reimbursements of any kind to which they are entitled.

For the purpose of the above provisions, benefits of the same type purchased from several insurers operate within the limits of each individual benefit, regardless of the date of purchase. Within these limits, the member or their dependent may obtain compensation by contacting the organization of their choice.

THE MEMBER MUST DECLARE ANY CUMULATIVE INSURANCE. FAILURE TO DO SO MAY RESULT IN DENIAL OF COVERAGE. THIS OBLIGATION APPLIES FOR THE ENTIRE DURATION OF MEMBERSHIP OF THE PLAN.

Reimbursements are limited to the amount of expenses actually incurred, as determined by the insurer for each covered item or medical service.

5.1.6. DISAGREEMENT OVER A REIMBURSEMENT

In the event of disagreement over the amount of a payment, the member must notify the insurer within three (3) months of the date on which the reimbursement statement was produced.

5.1.7. FRAUD AND CONCEALMENT OF FACTS - MISREPRESENTATION

In accordance with the provisions of Article L.113-8 of the French Insurance Code, membership of the insurance plan is null and void in the event of intentional concealment or misrepresentation.

In accordance with the provisions of Article L.113-9 of the French Insurance Code, any unintentional omissions or inaccuracies in the reporting of the risk will result in:

- a premium increase or termination of membership of the plan if the omission or inaccurate reporting is discovered before any claims have been made;
- a reduction in compensation in proportion to the premium rate which would actually have been due against the premium paid, and termination of membership of the plan if the omission or inaccurate reporting is discovered after a claim has been made.

5.1.8. FORFEITURE OF COVERAGE

The insurer may deny coverage to the Member and/or their insured Dependents, if applicable, if it is discovered that they have intentionally made a false claim for coverage under the plan, or have provided false information or used fraudulent or falsified documents when making a claim.

5.1.9. SUBROGATED CLAIMS

This refers to the insurer's right to recover the amounts of claims they have settled from the person who was responsible for a loss.

If the member and/or their insured Dependents, if applicable, are suffering from a disease or are the victims of an accident for which compensation may be paid by a liable third party, the insurer may make a subrogated claim against the person liable to pay the compensation, or their insurer.

A member and/or their insured Dependents, if applicable, who have suffered injuries caused by a third party must inform the insurer at the time of the claim for benefits.

If the insured person is the victim of a road traffic accident (involving a motor vehicle) in a country where insurance is mandatory, they must provide the insurer of the person having caused the accident, when requested, with the name of their Health insurer in their capacity as third-party payer. Failure to do so may result in denial of coverage.

In accordance with the French Insurance Code, the insurer is subrogated to the rights of the recipient of the benefits in the seeking of remedy from any liable third parties.

5.1.10. MEDICAL CHECKS

The insurer reserves the right to have checks, or medical assessments, carried out by an independent health professional chosen by the insurer, whose fees are paid by the insurer for dental, vision, hospitalization and hearing aid expenses. During these checks or assessments, the insured person may be accompanied, at their own expense, by the healthcare professional of their choice, or present the conclusions of their own practitioner.

If the member or a dependent refuses to provide the supporting documents requested by the insurer, or refuses to undergo the medical assessment requested by the insurer, the insurer may deny coverage and request the reimbursement of the expenses in question.

If the conclusions of the assessment are contested, the insured person must send the insurer's medical advisor a registered letter with proof of receipt, under confidential cover, within thirty (30) days of notification. This letter must specify the decision that is being contested and include medical evidence in support of their argument. If an agreement cannot be reached, an arbitration panel will be formed including, in addition to these two (2) doctors, a third (3rd) doctor appointed by them. Each party will pay their own doctor's fees; those of the third (3rd) doctor and the costs involved in their appointment will be shared equally between the two (2) parties.

6.2. / LIFE OF YOUR PLAN

6.2.1. EFFECTIVE DATE, DURATION, RENEWAL, TERMINATION AND AMENDMENTS TO THE PLAN

Effective date and duration of the plan: The Open group insurance plan arranged between the Insurer and the Contracting association took effect on September 1, 2023 for an initial period ending December 31, 2023.

Renewal and termination: The plan is automatically renewed on January 1 of each year, for successive periods of one (1) year, unless terminated by the insurer or the Contracting association.

To exercise this right, the Contracting association must send its request to the insurer by mail, email or by any other means provided for in Article L.113-14 of the French Insurance Code. If the request comes from the insurer, it must be made by registered letter.

- **Annual termination:** Termination by either party must be notified two (2) months before the plan renewal date, in accordance with Article L.113-12 of the French insurance code. The plan will then come to an end on December 31 at twenty-four (24) hours.
- **Mid-year termination:** The Contracting association may terminate the plan after a period of one (1) year from the date of purchase, in accordance with Article L.113-15-2 of the French insurance code. The plan will come to an end one (1) month after receipt by the insurer of the notification sent by the Contracting association. This termination may be carried out free of charge and without penalties.
- **Other cases of termination of the plan:** The plan may be terminated in accordance with the provisions laid down in the event of:
 - refusal of the premium increase proposed by the insurer in application of the annual adjustment clause (See article "Premiums").
 - refusal of the amendment proposed by the insurer (See article "Revision"),

The plan may also be terminated at the insurer's initiative in the event of misrepresentation (See article "Misrepresentation").

Amendments to the plan: The plan may be amended by mutual agreement between the Contracting association and the insurer. In this case, an amendment to the plan will be drawn up.

It is understood that in this case, and unless otherwise specifically stipulated, the amendments agreed between the Contracting association and the insurer will automatically apply to each member.

6.2.2. YOUR ENROLLMENT IN THE PLAN AND PERSONS INSURED

The Member can choose enrollment in the plan for themselves only (Individual Premium) or for themselves and all or some of their Dependents as defined in the chapter 2 p.3 (with as many individual Premiums as Dependents in addition to the individual Premium for the primary Member)

The Member can also choose to enroll one or several dependent children, if they are at least ten (10) and under the age of eighteen (18), subject to these children being expatriated outside their Country of origin and outside their parents' Country of residence and subject to the Application for coverage being duly completed and signed by the Member.

When enrolling, the Member selects the Hospitalization package and decides whether or not to purchase one or several optional benefits for the same level of coverage.

The Member may then purchase or terminate one or more of the optional benefits under the conditions set out in section 6.2.10 "Making changes to your membership" of the chapter "Life of your plan".

It is specified that the Hospitalization package and the optional benefits selected for all of the Member's Dependents are the same as those selected for the Member themselves.

Therefore:

- if an optional benefit is selected by the Member, it also applies to all of their Dependents who are registered on enrollment,
- all of the Member's Dependent children must be covered by the same benefits.

These choices are made by the Member at the time of their enrollment in the plan.

To be eligible for benefits, or if the selected benefits are amended, the Member and each Dependent must complete and sign a Health questionnaire as enrollment in the plan or amendments to the benefits is subject to the medical approval of the Insurer.

Having reviewed the Health questionnaire(s), the Administrator (MSH) may request further medical examinations.

If a Member or a Dependent presents an Increased health risk, the Insurer may either accept them under special conditions or deny them coverage.

The special conditions of acceptance of enrollment in the plan or the conditions declared in the Health questionnaire which gave rise to denial of coverage will be notified by secure email.

If the Administrator (MSH) denies a request to amend the benefits during the period of membership, it is specified that the Member and any of their Dependents registered on enrollment remain covered under the conditions which were in place before the requested amendment(s).

Membership, or its amendment, is formalized by the issuing of a Certificate of enrollment showing the name and address of the Member, those of the insured Dependents and the Effective date of enrollment, the benefits selected, the Selected coverage zone, the corresponding Premium and the fixed term of membership.

6.2.3. ADDING ONE OR MORE DEPENDENTS TO YOUR MEMBERSHIP OF THE PLAN

You may request the addition of a Dependent family member during the period of membership of your plan by completing the Application form provided for this purpose, subject to this Dependent completing and signing a Health questionnaire. The Dependent's enrollment is subject to the Insurer's medical acceptance.

If a dependent is added, the premium payable for your membership of the plan will be revised.

Children may be covered provided they are declared and at least 10 days old.

The request to add a child must be made in writing, enclosing the birth certificate issued by the hospital.

Please note that the addition of all children to your membership (including adopted children) is subject to approval.

6.2.4. THE VARIOUS COMPONENTS OF YOUR MEMBERSHIP

Your membership of the neoTempo plan is formalized by all of the following documents:

- **Certificate of enrollment:** this is a single document, issued only at the time of enrollment, which confirms the Member's enrollment in the plan and specifies, in addition to the name and address of the Member, those of any insured Dependents, the Effective date of enrollment and its duration, the Selected coverage zone, and the corresponding Premium. The Certificate of enrollment corresponds to the special conditions of your membership of the plan.
Each time the membership is renewed, a new certificate of enrollment is issued by the administrator, MSH.
- **Certificate of insurance:** this is a document which can be reissued, the purpose of which is to serve as proof of insurance coverage for the person presenting it. It contains the following information: name of the Member and any of their Dependents, Effective date of enrollment and its duration, the benefits selected, the corresponding plan number and the Selected coverage zone.
- **Premium notice:** this is a document which shows the amount of your insurance Premium and the Period of coverage. The insurance Premium is paid on the date shown on the Premium notice.
- **This Information booklet serving as the general terms & conditions:** this refers to this document which defines the benefits, exclusions and conditions of use of the insurance plan (including all information relating to claims procedures), and which should be read in conjunction with the Certificate of enrollment.

IMPORTANT

When you enrolled in the plan, you received a welcome letter by email, including your MSH card. Keep it in a safe place, as it will help you in your dealings with healthcare professionals.

6.2.5. OBTAINING A CERTIFICATE OF ENROLLMENT FOR A NEW DEPENDENT

If there is a change in family status, the member may ask for a new dependent to be enrolled, provided they make the request

to MSH within one (1) month of the change in family status. Otherwise, **enrollment of the new dependent is only possible on the membership renewal date.** On enrollment of a new dependent, subject to their prior acceptance where applicable, following the medical formalities process carried out by our Medical advisor, we will send you a new Certificate of enrollment to reflect the addition of the new Dependent. This certificate replaces any other versions in your possession.

6.2.6. CANCELING YOUR MEMBERSHIP BEFORE IT TAKES EFFECT: THE CANCELTION PERIOD

- **If the member has been subject to door-to-door selling at their home, residence or place of work:**

In accordance with Article L.112-9 of the French Insurance Code relating to door-to-door selling, any individual who has been subject to door-to-door selling at their home, residence or place of work, even at their own request, and who signs an insurance contract in this context for purposes that do not fall within the scope of a commercial or professional activity, may cancel their membership of the plan during a period of fourteen (14) calendar days from the date of dispatch of their certificate of enrollment, without having to provide reasons for the cancellation or pay penalties. The occurrence of an event triggering a claim under the plan during the fourteen (14) day cancellation period makes it impossible to exercise the right to cancel.

- **If the enrollment was processed remotely (by internet, telephone, mail or fax):**

In accordance with Article L.112-2-1 of the French Insurance Code relating to distance selling, the member may cancel their membership of the plan during a period of fourteen (14) days from either the date of enrollment or the date of dispatch of their certificate of enrollment, if this is later, without having to provide a reason or pay a penalty. The occurrence of an event triggering a claim under the plan during the fourteen (14) day (14) cancellation period makes it impossible to exercise the right to cancel.

- **How to exercise the right to cancel in the two cases mentioned above**

The member may cancel by registered letter or by registered email, with proof of receipt, sent to the insurer using the following wording:

"I, the undersigned (last name - first names) expressly cancel my membership (membership no. to be specified) of plan no. 0210/670381/10000 neoTempo USA in euros, no. 0210/670381/55555 neoTempo USA in dollars, no. 0210/672462/10000 neoTempo excluding the USA in euros, no. 0210/672462/55555 neoTempo excluding the USA in dollars or no. 0329/672462/10014 neoTempo in France and in euros (plan name and plan membership no. to be specified), entered into:

- as a result of door-to-door selling ^(*),

- or remotely^(*) on .../... /....

and request the reimbursement of the Premium paid, less the portion corresponding to the period during which the plan was in force.

(Date and signature). "

^(*) as appropriate

Termination of membership of the plan takes effect from the date of receipt of the registered mail or registered email by the Administrator, MSH.

In case of cancellation, the Member is only required to pay the portion of the Premium corresponding to the period during which the risk was covered, that period being calculated until the Date of termination.

The insurer is required to reimburse the balance of the premium no later than thirty (30) days following the Date of termination.

However, the entire Premium remains due to the Insurer if the right to cancel is exercised when an event that may result in a claim under the plan, and of which the Member was not aware, occurred during the cancellation period.

6.2.7. START OF MEMBERSHIP AND EFFECTIVE DATE OF BENEFITS

For the Member: The effective date of membership is subject to acceptance by the insurer once they have received:

- the Application for coverage and the Health questionnaire(s) duly completed and signed,
- and full payment of the first quarterly, bi-annual or annual installment of the Premium.

Membership takes effect on the 1st day or 15th day of the month following the date of notification of acceptance of membership. This date is specified on the Certificate of enrollment.

When membership of the plan is purchased by the Member solely on behalf of one or more Dependent children aged between ten (10) and seventeen (17) inclusive, who are expatriated outside their Country of origin and outside their parents' Main country of residence, membership also takes effect under the conditions specified above.

Membership is purchased for a fixed term shown on the Certificate of enrollment, with a minimum of three (3) months and a maximum of thirty-six (36) months. It may be renewed under the conditions set out in the paragraph "Renewing your membership of the plan" below.

For the Member's Dependents: Subject to acceptance by the insurer based on the required medical formalities, the enrollment of Dependents in the plan takes effect:

- on the same date as the Members themselves if they are registered at the time of the original enrollment,
- if there is a change in family status as a result of marriage, civil partnership, Common-law marriage, birth or adoption of a child, from the 1st day or 15th day of the month following the date of acceptance by the Insurer to enroll these new Dependents in the plan, **subject to this change being declared to the Administrator (MSH) within thirty (30) days of the change. Otherwise, the Dependent's enrollment will be postponed until the renewal date of the enrollment following the application.**

Coverage takes effect for each Member and their Dependents, subject to application of the following Waiting periods:

- immediately on the date of enrollment as specified above for medical expenses in respect of the following benefits:
 - hospitalization and routine healthcare following a Medical emergency, Accident or Unexpected illness,
 - Emergency dental/ophthalmic consultations and care following a medical Emergency, Accident or Unexpected illness,
 - vaccinations and anti-malaria treatments covered under the "Prevention" option.

- Or after application of the Waiting periods detailed below (depending on the benefits selected):

Waiting periods in detail:

Three (3) month waiting period for:

- the cost of hospitalization
- routine healthcare
- the cost of vision care
- the cost of dental care

No Waiting period will be applied if the membership follows on from a previous plan purchased through the Administrator (MSH) and offering equivalent coverage, both in terms of the benefits purchased and the reimbursement levels, that has been in place for at least six (6) months.

It is specified that the Insurer will only cover expenses incurred in respect of treatments and procedures prescribed from the Effective date of benefits.

If the Member wishes to purchase optional benefits **after six (6) months of membership of the plan**, the optional benefit(s) will take effect, subject to the results of the medical formalities, on expiration of the Waiting periods described in the paragraph above. The waiting periods will be counted from the date of acceptance of the amendment by the Insurer. **Until these waiting periods have expired, only the benefits initially purchased as part of the membership will be granted.**

6.2.8. RENEWING AND TERMINATING YOUR MEMBERSHIP OF THE PLAN

Membership is purchased for a fixed term, with a minimum of three (3) months and a maximum of thirty-six (36) months.

Membership of the plan may be renewed at the express request of the member, provided the member and their dependents continue to meet the conditions set out in the plan and subject to:

- the request for renewal reaching the insurer two (2) weeks before the date on which the membership comes to an end,
- the insurer's agreement.

Changing the level of coverage, purchasing and/or terminating the optional "Routine healthcare", "Vision and dental" and/or "Prevention" benefits is possible under the conditions set out in paragraph 6.2.2 "Your enrollment in the plan and persons insured".

Membership may be renewed for successive and continuous periods of at least one (1) month and up to a total maximum of thirty-six (36) months. The new membership expiration date will be sent to the member.

In any event, the maximum duration of a plan, including any renewals, is thirty-six (36) months.

- **Mid-year termination:** In all cases, after a period of one (1) year of continuous insurance from the effective date of their membership, the member may terminate their membership of the plan at any time, in accordance with Article L.113-15-2 of the French insurance code.

Membership will cease one (1) month following receipt by the insurer of the notification sent by the member.

This termination may be carried out free of charge and without penalties. To exercise this right, the member's request must be sent to the insurer by mail, email or by any other means provided for in Article L.113-14 of the French Insurance Code.

- **Other cases of termination of membership of the plan:** Membership of the plan ends in the event of termination notified in accordance with the provisions set out above as well as those set out in Article "Cessation of membership and end of coverage" and can be terminated in accordance with the provisions set:
 - in the event of non-payment of the premiums,
 - in the event of refusal of the premium increase proposed by the insurer in application of the annual adjustment clause (see article "Premiums"),
 - in the event of refusal of the amendment proposed by the insurer (see article "Revision" article),

The plan may also be terminated at the insurer's initiative in the event of misrepresentation (see article "Misrepresentation").

To exercise this right of termination, the member's request must be sent to the insurer by mail, email or, failing that, by any other means provided for in Article L.113-14 of the French Insurance Code. If the request comes from the insurer, it must be made by registered letter.

In addition, during the period of membership, the rights and obligations of the member may be modified by amendments to the contract entered into by the Contracting association and the insurer. In this case, the member will be informed of the changes at least three (3) months before the date on which they are due to come into force. If the member does not accept these changes, they may, within one month of the date on which they were informed, terminate their membership by mail, email or by any other means provided for in Article L.113-14 of the French Insurance Code.

6.2.9. CESSATION OF MEMBERSHIP AND END OF COVERAGE (RIGHT OF WITHDRAWAL AND TERMINATION)

Membership and benefits cease for each Member and their Dependents:

- **On the date of termination of the membership shown on the certificate of enrollment,**
- **On the Date of termination of the optional group insurance plan by the Contracting association or by the insurer:** In this case, the Insurer will offer the Member a plan which provides continued coverage on an individual basis subject to payment of the Premium specified by the Insurer,
- If the Member no longer has membership of the Contracting association, the Association must inform the Administrator (MSH) of this within a period of one (1) month. This request can be submitted at any time but at the earliest after twelve (12) months of membership of the plan,
- on the effective date of termination of membership as set out in Article 6.2.8 "Renewing and terminating your membership of the plan". This request may be made at any time, but at the earliest after 12 months of membership of the plan,

- **In the event of non-payment of the premiums:** at the end of the period covered by the last Premium paid, if the Premium corresponding to the membership is no longer being paid.
During the course of the year: as soon as the member does no longer qualify for membership of the plan, for example in the event of a return to the Country of origin, enrollment by the employer in a similar plan or the French or local social security; termination of membership will take effect on the 1st or 15th of the month following the date of receipt of an official supporting documentation. The end date of membership of the plan will be determined by the date of receipt of the supporting documentation and will not be effective until the expiration of a minimum notice period of one (1) month. For example, if we receive a request for termination together with an official document proving that you have returned home, on January 26, the membership of the plan will not end until March 1.
The administrator, MSH, reserves the right to check that the official supporting documents are authentic. If the supporting documents prove to be false, cessation of membership will not take place during the course of the year and the premiums will remain due until a mid-year termination where applicable or on the date of termination of membership provided for on the certificate of enrollment.
In the event of the Member's death: On this date, their surviving Spouse, Partner or Common-law spouse who is enrolled in the plan can take out membership of the plan for themselves and, if applicable, for their Dependents; in accordance with the conditions specified in the section **Your enrollment in the plan and persons insured** in chapter **LIFE OF YOUR PLAN**. However, no medical formalities will be required by the Insurer.

Membership and coverage cease in any event:

- at the end date shown on the certificate of enrollment or notified to the member when the membership is renewed,
- on the date of permanent return to the Country of origin (uninterrupted stay of more than six (6) months),

It is specified that any removal from the plan is final. Termination of the Member's membership gives rise, in any event and on the same date, to termination of coverage and the removal of all of their Dependents from the plan.

If membership of the plan is purchased by the Member solely on behalf of one or more dependent children who are at least ten (10) and under the age of eighteen (18), who are expatriated outside their Country of origin and outside their parents' Main country of residence, membership and coverage cease, for each of the relevant children, when they reach their eighteenth (18th) birthday. On this date, this membership may be extended, with the child acquiring Member status.

Coverage under the plan ceases in any event, for Dependents:

- for the Spouse: on the date of final judgment in a divorce or legal separation, or for the Partner: on the date on which the civil partnership is terminated, or for the Common-law spouse: on the date on which the Common-law marriage ends,
- for children: when they cease to be dependent on the Member and, at the latest, at the end of the school year in which they reach their twentieth (20th) birthday or twenty-sixth (26th) birthday if they are in full-time education and are covered under the plan from the 1st euro.

It is specified that the Insurer will only cover expenses incurred in respect of treatments and procedures prescribed before the date of termination of coverage.

Membership of the plan is null and void if its implementation, the settlement of a claim or the provision of any Benefits or services exposes the Insurer to any sanctions, restrictions or prohibition under trade or economic resolutions or sanctions imposed by the United Nations or the laws and regulations of the European Union, the United Kingdom or the United States of America.

6.2.10. MAKING CHANGES TO YOUR MEMBERSHIP

We will send all important communications and information about your membership to the address you provided in the Enrollment form (private mailing address and email address). If you want to change this, you can do it directly in the **Members' Area**, in the section **Your Enrollment/Your Details** or by contacting MSH. You must inform us as soon as possible if you/your dependents change address, Main country of residence or nationality.

- **CHANGING YOUR PLACE OF RESIDENCE, MAILING ADDRESS OR EMAIL ADDRESS**

Please notify us in writing as soon as possible of any changes in:

- your private mailing address, even if you are staying in the same Main country of residence,
- your email address,
- your Main country of residence.

IMPORTANT

If you move to another country, it is your responsibility to notify us of this immediately. This is because the levels of healthcare costs in your new Main country of residence may be different from those in your current Main country of residence and your coverage zone and the corresponding Premium may need to be increased or decreased as a result. You should also keep us informed of any change of address for you and/or your Dependents no later than two (2) weeks before the said change.

- **DEATH OF THE PRIMARY MEMBER OR A DEPENDENT**

If the primary Member dies, we should be informed within a period of one (1) month following the death. Membership of the plan will then come to an end and the Premium, calculated on a pro rata basis, will be refunded. If they so wish, the first Dependent shown on the Certificate of enrollment would then have the option of sending us an application to become the primary Member of the plan (if they have reached the age of eighteen (18)) and including the other Dependents in their plan. In the event of death of a Dependent, their coverage will come to an end and the Premium for this Dependent, calculated on a pro rata basis, will be refunded.

- **ENROLLMENT AND CESSATION OF A DEPENDENT'S MEMBERSHIP**

In the event of a change in family status (marriage, entering into a civil partnership, birth of a child, etc.), the member may request the enrollment of a new dependent, provided they submit a request to MSH within one (1) month of the date of the change in family status. **Failing this, enrollment of the new dependent is only possible on the membership renewal date.**

If there is a change in family status (divorce, termination of a civil partnership or cohabitation, completion of a child's education, child's 20th or 26th birthday, etc.), membership comes to an end in any event on the date on which the person in question ceases to qualify as a dependent. The Primary member must report this to MSH as soon as possible. **If this change is not reported, the insurer reserves the right to claim back any undue benefits it may have been led to pay in error.**

- **CHANGE OF LEVEL OF COVERAGE**

A change in the level of coverage is possible, subject to informing us at least one (1) month in advance, under the following conditions:

To increase the level of coverage:

Only one change is possible per twelve (12) month period (insurance year), provided membership of the plan has been in place for at least six (6) months on the date on which the request to change is made.

To decrease the level of coverage:

The change is possible provided you have had coverage at the level you wish to leave for twelve (12) months on the date of the change. The level of coverage selected will remain in effect for the entire duration of membership of the plan.

- **CHANGING THE LEVEL OF COVERAGE (FROM THE 1ST EURO/DOLLAR IN ADDITION TO CFE BENEFITS (CAISSE DES FRANÇAIS DE L'ÉTRANGER))**

A change in the level of coverage is only possible if membership of the plan has been in force for at least six (6) months. Please inform us at least one (1) month before the date of the change. **There can be only one change of level of coverage during the entire duration of membership of the plan.**

- **CHANGE OF OPTION(S)**

The purchase and/or termination of the optional "Routine healthcare", "Vision and dental" and/or "Prevention" benefits is possible, subject to informing us at least one (1) month in advance, under the following conditions:

To add an optional benefit:

Only one change per optional benefit and per twelve (12)- month period (insurance year) may be made, provided membership of the plan has been in place for at least six (6) months on the date on which the request to change is made.

To terminate an optional benefit:

Termination of an optional benefit is possible provided this option has been part of the plan for (12) months on the date on which the request for termination is made. The optional benefit which is then terminated will remain terminated for the entire duration of membership of the plan.

- **CHANGING THE CURRENCY (EURO OR DOLLAR)**

Any change of currency is only possible on the renewal date of enrollment in the plan. **There can be only one change of currency during the entire duration of membership of the plan.**

- **CHANGING THE COVERAGE ZONES (ZONE 1, 2, 3, 4 OR 5) AND ADDING A DEPENDENT TO THE PLAN**

Contact your claims department to make any changes to the Coverage zone or to add a Dependent to the plan.

6.3. / YOUR PREMIUM

6.3.1. CALCULATION OF THE PREMIUM ON THE DATE OF YOUR ENROLLMENT IN THE PLAN

The annual Premium is set, per insured person, depending on:

- the insured person's age (calculated based on the difference in years),
- the Selected coverage zone,
- the level of coverage purchased (BASIC, REGULAR or PLUS),
- the benefits purchased ("Hospitalization" benefit only or "Hospitalization" benefit + optional benefit(s)): These include "Routine healthcare", "Vision and Dental" and/or "Prevention",
- the coverage (from the 1st euro/dollar or in addition to CFE benefits).
- and the rate in force on the date of purchase of the membership.

It is specified that, as long as at least three (3) children are covered in respect of the membership of an Insured member, Premiums will only be payable for the two (2) children, the highest of the amounts, with the other children being covered without payment of a Premium. In other words, when at least three (3) children are covered in respect of the membership of an Insured member, Premiums will only be payable for the two (2) children with the highest amounts.

6.3.2. CHANGES IN THE LEVEL OF YOUR PREMIUM

- **Changes in taxes:** Any taxes or contributions of a social or fiscal nature applicable to the plan, the recovery of which is not prohibited, are charged to the Member and payable at the same time as the premium and increase the amount to be paid to the insurer.
- **Changes to the premium depending on age:** The amount of the Premium is reviewed on **January 1 of each year**, based on the age of the Member and each of the insured Dependents, calculated based on the difference in years, according to the **rate in force on the effective date of membership of the plan.**
- **Changes to the premium when a dependent is added:** When a new dependent is added, the premium for your membership of the plan will be revised. The amount of the new annual Premium is reviewed based on age, calculated based on the difference in years, of the new Dependent to be insured on the basis of the **rate in force on the date on which they are added** (amended as appropriate), taking into account the application of the adjustment clause described below. It is specified that the premium for the Member and each of the other insured Dependents will continue to be determined on the basis of the rate in force on the effective date of membership of the plan.
- **Consequences of a change in coverage zone:** If you change your coverage zone, the premium for your membership of

the plan will be revised. The amount of the new annual Premium is reviewed based on the age of the Member and each of the insured Dependents, calculated based on the difference in years and on the basis of the **rate in force on the date on which the zone is changed** (amended as appropriate), taking into account the application of the adjustment clause described below.

- **Changes to the premium in the event of a change in the level of coverage or the optional benefits purchased:** Changing the level of coverage, purchasing and/or terminating the "Routine healthcare", "Vision and dental" and/or "Prevention" optional benefits is possible once (1) per year and per benefit. This change will result in a revision of the premium for your membership of the plan. The amount of the new annual Premium is reviewed based on the age of the Member and each of the insured Dependents, calculated based on the difference in years and on the basis of the **rate in force on the date on which the membership is renewed** (amended as appropriate), taking into account the application of the adjustment clause described below.

6.3.3. ADJUSTMENT OF THE PREMIUM FOR THE OPEN GROUP INSURANCE PLAN:

Premium rates for the plan may be reviewed on January 1st each year based on the results of the Open group insurance plan provided by the ASFE association from Groupama Gan Vie, the Insurer, during the previous calendar year and changes in the level of healthcare costs throughout the World.

From the day it becomes aware of an increase in premium rates, the Contracting association will have the option of terminating the plan within thirty (30) days. To this end, it will send a letter or email to the insurer, or any other means provided for in Article L.113-14 of the French insurance code. Termination will take effect one (1) month after the date of dispatch or delivery of the notification.

6.3.4. WAYS OF PAYING YOUR PREMIUM AND ADDITIONAL CHARGES

Premiums are payable to ASFE quarterly, bi-annually or annually in advance, in euros or US dollars.

ASFE Premium notices are sent out, depending on the type of payment installment you chose on enrollment: quarterly, bi-annually or annually.

To make your payment, you can choose between several different payment methods:

6.3.5. ONLINE INFORMATION ON PAYING YOUR PREMIUM

To keep you informed about your Premium payments, and in line with the type of payment installment you selected, you will receive an ASFE Premium notice by email one month before each due date. It is therefore important to keep your email address up to date to ensure you receive these reminders and help you keep track of your Premiums.

6.3.6. PROCEDURE IF YOU FAIL TO PAY YOUR PREMIUM

In accordance with the provisions of article L.113-3 of the French Insurance Code, all Premiums due remain payable and may be recovered by any legal means.

In case of non-payment of a Premium by the Member, in accordance with the provisions of article L.141-3 of the French Insurance Code, the Contracting association must, at the earliest, ten (10) days after the due date of the unpaid Premium, send the Member a registered letter of formal notice. By mutual agreement between the Insurer and the Contracting association, it is agreed that the Contracting association authorizes the Insurer to prepare and send out this letter.

The letter will state that, at the end of a period of forty (40) days of dispatch of this letter, the Member is barred from the insurance plan due to non-payment of the Premium. The Member remains liable for the full Premium until the date of their removal from the plan.

6.3.7. BANK CHARGES

You must pay any administrative fees which your bank may charge you in relation to the payment of your Premium.

6.3.8. REIMBURSEMENT OF THE PREMIUM

In case of Termination of membership of the plan, membership and benefits are maintained until the end of the period covered by the last Premium paid.

7. / MISCELLANEOUS PROVISIONS

7.1. / LEGAL INFORMATION

7.1.1. APPLICABLE LEGISLATION AND JURISDICTION

The Open group insurance plan is governed by French law and the French Insurance Code and in particular by articles L. 141-1 and following. They fall under section 2 (Healthcare) of article R. 321-1 of the Insurance Code.

Coverage under the plan is based on the declarations made by the Contracting association, the Members and the Insured members. The Contracting association, the Insurer, the Member and the Insured member declare that they submit to the jurisdiction of the French courts and waive their right to take legal action in any other country.

7.1.2. INFORMATION TO MEMBERS

This Information booklet, which has been prepared by the Insurer and serves as the general terms and conditions, is provided to each Member by the Contracting association, along with the Certificate of enrollment containing the special conditions.

In accordance with Article L141-4 of the French insurance code, it is the responsibility of the Contracting association to inform members in writing of any changes to their rights and obligations, at least three (3) months before the date on which they are due to take effect. By mutual agreement between the insurer and the Contracting association, it is agreed that the Contracting association authorizes the insurer to prepare and send out this information.

If the Member does not accept these changes, they may, within one (1) month of the date on which they were informed, terminate their membership by mail, email or by any other means provided for in Article L.113-14 of the French Insurance Code.

7.1.3. APPLICABLE LANGUAGE

The language of the group insurance plan is French. In case of disagreement on the interpretation of the benefits provided under this plan, only the French version of this plan will be taken into consideration. Translations of the contractual documents which make up the plan are made available to Members purely for information purposes and only the French language is binding.

7.1.4. LIMITATION PERIOD

In accordance with Article L.114-1 of the French Insurance Code: "All legal actions arising from the contract are barred two (2) years from the event that gave rise to them. However, this time limit runs:

- in the event of non-disclosure, omission, fraudulent representation or misrepresentation of the risk incurred, only from the date on which the Assistance provider became aware of it,
- in the event of a loss, only from the date on which the relevant parties became aware of it, if they can prove they were unaware of such facts until then.

If the action taken by the insured member against the Assistance provider arises from a claim made by a third party, the limitation period shall run only from the day on which this third party brings a legal action against the insured member or has received compensation from him or her.

In accordance with Article L.114-2 of the French Insurance Code: "The limitation period" is interrupted by one of the following ordinary causes of interruption of the limitation period:

- when the debtor acknowledges the right of the person against whom they were prescribing (Article 2240 of the French Civil Code),
- a legal claim, even in summary proceedings, until the end of the hearing. This also applies when the legal claim is brought before a court which has no jurisdiction or where the act of referral to the court is cancelled by the effect of a procedural irregularity (Articles 2241 and 2242 of the French Civil Code). The interruption is void if the claimant withdraws his application or allows the suit to lapse, or if he is defeated in his claim (Article 2243 of the French Civil Code),
- an act of enforcement or interim measures taken in implementation of the code of civil enforcement procedures (Article 2244 of the French Civil Code).

A summons served on one of the joint and several debtors by means of legal action or an enforcement order or the recognition by the debtor of the right of the person against whom they were prescribing interrupts the limitation period against all the others, even against their heirs.

However, a summons served on one of the heirs of a joint and several debtor or the recognition by that heir does not interrupt the limitation period with regard to the other joint heirs, even in the case of a mortgage debt, if the obligation is divisible. Such a summons or recognition interrupts the limitation period with regard to the other co-debtors only for the share of the obligation for which that heir is liable.

To interrupt the limitation period entirely, with regard to the other co-debtors, the summons needs to be served on all the heirs of the deceased debtor or the right needs to be recognized by all of these heirs (Article 2245 of the French Civil Code).

A summons served on the principal debtor or their recognition of the right interrupts the limitation period for taking action against the surety (Article 2246 of the French Civil Code).

The limitation period can also be interrupted by:

- the appointment of experts following a loss,
- a registered letter with proof of delivery sent by the insurer to the insured member regarding action for payment of the premium and from the insured member to the insurer regarding payment of the claim.

It should be noted that membership of the plan is null and void if its implementation, the settlement of a claim or the provision of any benefits or services were to expose the insurer to any sanctions, restrictions or prohibition under trade or economic resolutions or sanctions imposed by the United Nations or the laws and regulations of the European Union, the United Kingdom or the United States of America.

7.2. COMPLAINTS PROCEDURES AND MEDIATION SERVICE

To make a complaint, the Member or Dependent may contact the Insurer's customer relations department by telephone on 01 70 96 62 68.

A final response to their complaint will be sent to the complainant within 2 months at the most. If the processing time needs to be extended due to special circumstances, the complainant will be informed.

If this response does not satisfy the person making the complaint, or if no response has been received within two (2) months, they have the right to refer the matter to the Ombudsman, Médiation de l'Assurance on the website: www.mediation-assurance.org or by post (Médiation de l'Assurance, TSA 50110, 75441 Paris Cedex 09, France), without prejudice to their right to take legal action.

The processing of personal data is required for the execution, administration and implementation of the insurance plan and the benefits, the management of commercial and contractual relations, the management of the risk of fraud or the implementation of the legal, regulatory or administrative provisions in force, for the purposes listed below.

Execution, administration and implementation of the insurance plans and the commercial management of clients and prospects

The data collected by the insurer at various stages of the application for or administration of insurance plans are required for the following purposes:

- The analysis of insurance needs in order to recommend plans to suit individual circumstances;
- The assessment, acceptance, control and monitoring of the risk;
- The administration of the plans (from the pre-contractual phase to termination of the plan), and the implementation of the benefits provided under the plan;
- Client management;
- The exercise of remedies and the management of complaints and disputes;
- The production of statistics and actuarial studies;
- The introduction of preventive measures;

The recipients of this information are, within the limits of their respective remits, the usual advisor or point of contact, the insurer's departments in charge of the commercial management or the execution, administration and implementation of the plans, and its delegated administrators, intermediaries, partners, agents, processors, or other entities of the Groupama Group in the exercise of their duties.

This information may also be passed on, where appropriate, to the insurance organizations of the data subjects or those providing supplementary benefits, to co-insurers, reinsurers, professional bodies and guarantee funds, as well as to all persons directly or indirectly involved in the plan and its implementation, and to all persons accredited as Authorized Third Parties (courts, arbitrators, mediators, relevant government ministries, guardianship and supervisory authorities and all public bodies authorized to receive it, as well as to supervisory services such as statutory auditors, internal auditors and internal control departments).

Health data may be processed if they are required for the execution, administration and implementation of insurance or assistance plans. This information is processed in compliance with medical confidentiality and with the consent of the interested parties.

In the case of employee benefits, data subjects expressly agree to these data being collected and the required processing being carried out.

This information is intended exclusively for the insurer's medical advisors or the medical advisors of entities of the Groupama Group responsible for the administration of the benefits, its medical department or specially authorized internal or external persons (including its delegated administrators or medical specialists). This information may also be used by authorized persons in matters of fraud prevention.

When an insurance contract has been entered into, the data are stored for the duration of the plan, extended by the duration of the management of any ongoing claims or disputes, and until the expiration of the statutory limitation periods.

If no insurance contract has been entered into (prospect-related data):

- health data are stored for a maximum of five (5) years for evidentiary purposes;
- other data may be stored for a maximum of three (3) years.

Marketing

The insurer and the companies of the Groupama Group (Insurance, Banking and Services) have a legitimate interest in canvassing their clients or prospects, and carry out the required data processing for the purposes of:

- performing operations with regard to prospect management;
- data on clients or prospects in compliance with the rights of individuals;

The use of certain methods of carrying out marketing activities is subject to obtaining the agreement of the prospects. These are:

- using the Member's email address or telephone number for electronic marketing purposes;
- using the Member's browsing data to recommend them personalized offerings (see cookies notice on the website indicated in the special conditions for further information);
- passing on the Member's data to partners.

Any person may opt out of advertising by mail, email or telephone at any time by contacting the Insurer (see above Rights of the individual).

With respect to telephone or electronic marketing (by email or SMS/MMS), the above-mentioned persons may also opt out by changing their preferences in their personal online area or by using the unsubscribe link provided in the insurer's messages. With respect to telephone marketing, they may also opt out by registering free of charge with the BLOCTEL opt-out directory (www.bloctel.gouv.fr), which prohibits professionals with whom they do not have a current contractual relationship from contacting them by telephone for marketing purposes.

Combating insurance fraud

The above-mentioned persons are also informed that the insurer operates a system for the purpose of combating insurance fraud, which may lead to their inclusion on a list of persons presenting a risk of fraud. This may result in longer processing times in respect of applications for insurance or claims, or even the reduction or denial of a right, benefit, plan or service provided by entities of the Groupama Group.

In this context, the personal data of the above-mentioned persons may be processed by all authorized persons working within the entities of the Groupama Group as part of its anti-fraud measures.

These data may also be passed on to authorized personnel of organizations directly affected by fraud (other insurance organizations or intermediaries; social or professional bodies; legal authorities, mediators, arbitrators, court officials, ministry officials; third party organizations authorized by a legal provision and, where applicable, victims of acts of fraud or their representatives).

Data for this purpose may be passed on to the French Insurance Fraud Prevention Agency (Agence pour la Lutte contre la Fraude à l'Assurance or ALFA).

These persons are also informed that ALFA operates a system whereby data from motor insurance plans and claims made to insurers are shared for the purpose of combating fraud. Rights in respect of these data may be exercised at any time by writing to ALFA, 1, rue Jules Lefebvre - 75431 Paris Cedex 09 France.

Data processed for the purpose of combating fraud are stored for a maximum of five (5) years from the closure of the fraud file. In the event of legal proceedings, the data will be stored until the end of the proceedings and the expiration of the applicable limitation periods.

Individuals added to a list of suspected fraudsters will be de-registered after five (5) years from the date of registration on this list.

Anti-money laundering and the financing of terrorism

To meet its legal obligations, the insurer has implemented a procedure the purpose of which is to combat money laundering and the financing of terrorism, as well as the implementation of restrictive measures and the freezing of assets. Data used for this purpose are stored for a minimum of five (5) years from the completion of the operations or the end of the business relationship.

The right of access to data relating to the procedures in place for the purposes of combating money laundering and the financing of terrorism may be exercised by contacting the French Data Protection Authority (Commission Nationale de l'Informatique et Libertés).

Satisfaction/Quality of service

In its own interest and that of its clients, the insurer measures and seeks to continuously improve the quality of its services and products. This may include the carrying out of satisfaction surveys. In this context, communications by mail, email or telephone between the insurer and the above-mentioned persons may be recorded and analyzed. Telephone recordings are kept for a maximum period of six (6) months and the elements required for the purpose of improving quality of service are kept for a maximum period of three (3) years.

Research and statistics

The insurer and the entities of the Groupama Group (or their processors) may also use and process personal data involving the above-mentioned persons for statistical or research purposes, particularly with a view to developing their product and service offerings and personalizing their relationship with the data subject.

These data may be linked, combined or include personal data in respect of the above-mentioned persons and collected automatically or provided by the person themselves. They may also be combined with statistical or aggregated data from various internal or external sources.

• Transfer of information outside the European Union

Personal data are processed within the European Union. However, data may be transferred to countries outside the European Union in compliance with data protection rules and subject to the appropriate safeguards (e.g. standard European Commission contractual clauses, countries with a level of data protection recognized as adequate, etc.).

These transfers may be carried out for the implementation of insurance contracts, anti-fraud measures, compliance with legal or regulatory obligations, the management of actions or disputes enabling the insurer to ensure the establishment, exercise or defense of its rights in law or for the needs of the defense of the data subjects. Certain types of data, which are strictly necessary for the provision of assistance services, may also be transferred outside the European Union in the interest of the data subject or the protection of human life.

• Who receives this information?

The personal data processed is intended, **within the limits of their attributions**, for the departments of the insurer or Groupama Group companies in charge of commercial relations and plan administration, the combatting of fraud, money laundering and the financing of terrorism, and audit and control.

This information may also be passed on, where necessary, to reinsurers, intermediaries, partners and data processors, as well as to bodies likely to be involved in the insurance business, such as public bodies or supervisory authorities, or professional bodies (including ALFA for anti-fraud purposes and TRACFIN for the combating of money laundering and the financing of terrorism).

Information relating to the insured person's health is intended exclusively for the insurer's medical advisors or those of other Group entities, for its medical department or for specially authorized internal or external persons (in particular our medical experts).

7.4. PAPERLESS COMMUNICATIONS REGARDING MEMBERSHIP OF THE PLAN

7.4.1. PAPERLESS COMMUNICATIONS WITH THE CONTRACTING ASSOCIATION AND THE MEMBER

With regard to information and documentation relating to their insurance plan, the Contracting association and the Member should be aware that the insurer may exchange information and documents in a paperless manner and in particular provide or make this information and documentation available to them using a medium other than paper, including email and/or via their respective secure client areas. By providing their email address when enrolling in the insurance or during the life of the plan, the Contracting association and the Member accept that paperless communications are appropriate to their circumstances.

The Contracting association and the Member may at any time opt out of paperless communications and ask the insurer, by any means, to use paper-based communications, at no cost to them.

To do this, the Contracting association and the Member may send a letter or email to the insurer or call them. They can also change their preferences in their secure client area.

The Contracting association and the Member agree to inform the insurer without delay if there are any changes to their email

address and, more generally, if there are any changes in their situation that may have any impact on the administration of their plan.

7.4.2. PROVISION OF A SECURE CLIENT AREA

The insurer may provide the Contracting association and the Member with a secure client area where they can:

- read information and documents from the insurer. This may include information and documents (including at the pre-contractual or contractual stage) provided by the insurer on a durable medium other than paper, or on any other medium, and placed in the secure client area where the member can refer to them.
- benefit from a service for viewing and managing the insurance plan.

Access code: Access to the secure client area is by means of an access code consisting of a username and a password. The password is sent to the Contracting association and the Member in a secure manner using the identifiers provided by them. This confidential, strictly personal access code is used to identify the Contracting association and the Member, thus ensuring that they are authorized to consult and manage their insurance plan in the client area.

The Contracting association and the Member agree to keep their respective access codes confidential.

If the confidential access code is lost or stolen, the Contracting association and the Member must inform the insurer immediately so that a new password can be assigned to them.

The Contracting association and the Member will be solely responsible for any direct or indirect consequences resulting from a failure to report the loss or theft of the access code to the insurer or a delay in doing so.

In the event of negligence on their part, they will be solely responsible for any viewing of or administrative operations carried out on their insurance plan as a result of fraudulent, misappropriated or unauthorized use of their confidential access code by a third party.

Acceptance of the General Terms and Conditions of Use (GTCU): When first logging in to the secure client area using their access code, the Contracting association and the Member must read and accept the general terms and conditions of use of this client area in order to view or carry out administrative operations on their insurance plan and read the information and documents made available by the insurer.

7.4.3. AGREEMENT ON EVIDENCE

This agreement on evidence applies to:

- the provision by the insurer of information or documents sent to the Contracting association and the Member by email,
- the provision by the insurer of information or documents in the secure client area,
- the viewing and management of their insurance plan by the Member in their secure client area.

The Contracting association, the Member and the insurer jointly accept and acknowledge that:

- any viewing or administrative operations, and more generally any operations carried out in their secure client area, following authentication using their confidential access code, will be deemed to have been carried out by the Contracting association and the Member;
- the information contained in the viewing or administration screens and linked to the operations carried out by the Contracting association and the Member in their secure client areas and stored electronically by the insurer will be binding on the Contracting association and the Member and will have evidentiary value;
- with respect to paperless communications between the Contracting association, the Member and the insurer, the data relating to these communications and recorded in the insurer's information system will be binding on the Contracting association and the Member and will have evidentiary value.

7.5. ANTI-MONEY LAUNDERING AND THE FINANCING OF TERRORISM

As an insurance company, the insurer is subject to the legal and regulatory provisions relating to measures to combat money laundering and the financing of terrorism under the provisions of Articles L. 561-1 and following of the French Monetary and Financial Code.

The insurer is therefore under obligations to identify and know its clients and exercise constant vigilance, which justify the collection of information from its clients.

7.6. JURISDICTION

The Contracting association, the insurer and the Members declare that they submit to the jurisdiction of the Paris courts and waive their right to take legal action in any other country.

7.7. FORCE MAJEURE

The Insurer cannot be held responsible for failures in the execution of their obligations resulting from cases of force majeure (*any event that is unforeseeable, irresistible and beyond the control of the insured person, that is declared by the public authorities of the state in which they are staying*) or the following events: civil or foreign wars, acknowledged political instability, civil unrest, riots, acts of terrorism, reprisals, restrictions on the free movement of goods and persons, strikes, explosions, natural disasters, nuclear disintegration or delays in the implementation of Benefits or services arising from the same causes.

7.9. COMMUNICATING WITH DEPENDENTS

With respect to the management of the membership of the insurance plan, the Administrator may request additional information from the Member or their Dependents. If the Administrator needs to discuss a Dependent (for example, if additional information is required in order to process a claim for reimbursement), the plan Administrator may contact the primary Member, acting in the name and on behalf of their Dependents, to provide the required information. Similarly, in order to manage claims for reimbursement, any information related to a person covered by the plan may be sent directly to the primary Member.

Email: msh@ea-gcs.com

- A Member or Insured Party who intentionally provides false information or uses forged or falsified documents with the intention of misleading the Insurer shall forfeit any right to the cover for the Event in question;
- All necessary measures must immediately be taken to limit the consequences of the Event and speed up the recovery of the Insured Party, who must submit to the medical care required by their condition. The Insured Party shall forfeit any right to cover in the event of a failure to fulfil this commitment to limit the extent of the Claim;
- The Insurer’s doctor must be able to freely examine the Insured Party in order assess their condition. Any unjustified refusal to comply with this assessment, after a formal notice has been provided by registered letter, shall result in the forfeiture of the cover.

Section IV - Obligations of the Member

A. Declaration of risk on taking out the Policy

The Member must accurately declare all information of which they are aware that may enable the Insurer to assess the risks it is assuming and that are specified in the Policy's Special Conditions.

B. Declaration of changes to the risk during the life of the Policy

The Member must declare to the Insurer any aggravation of the elements used to assess the risk covered by the Insurer.

Where the modification constitutes an aggravation of the risk, such as if the new state of affairs had existed when the Policy was signed, the Insurer shall not be bound or shall be bound only by way of a higher Premium, the Insurer may propose a new Premium.

Should the Member refuse to pay this new Premium, the Insurer may terminate the Policy subject to a notice period of ten (10) days.

Any concealment, wilful misrepresentation, omission or inaccuracy in the disclosure of this information shall be subject to penalties, even if it has no impact on the Claim, in accordance with the conditions set out in Articles L. 113-8 and L. 113-9 of the French Insurance Code:

- **In the event of bad faith, by the Policy being rendered void;**
- **If bad faith is not established, by a reduction in compensation based on the premiums paid in relation to the premiums that would have been due had the risks been accurately and fully declared.**

In the event of a failure to fulfil the obligations relating to the Declaration of Risk on Taking Out the Policy and the Declaration of Changes in Risk during the course of the Policy, Forfeiture may be imposed on the Member.

C. Payment of the Premium

The Premium or, in case of split payment, the fractional Premiums and processing fees, in the amount stipulated in the Membership Certificate, as well as the taxes, shall be payable in advance on the agreed dates.

Should a Premium or Premium instalment not be paid within ten (10) Days of its due date, and irrespective of the Insurer's right to pursue the enforcement of the Policy in court, cover may only be suspended thirty (30) Days after the Policyholder has sent a registered letter constituting formal notice.

If the annual Premium is payable in several instalments, the non-payment of a Premium instalment by the due date shall result in the remaining Premium instalments for the current Policy Year being payable.

The Insurer shall have the right to terminate the Policy ten (10) days after the end of the period of thirty (30) days mentioned in the second sub-paragraph of this paragraph.

If the Policy has not been terminated, it shall regain its ongoing effect at noon on the day following the payment of the overdue Premium to the Insurer or its appointed representative. In the case of an annual split Premium, the same shall apply after payment of the overdue instalments that were the subject of the formal notice, along with those that became due during the suspension period, as well as any applicable prosecution and recovery fees.

Section V – Cancellation of the Policy

The Policy may be terminated:

1. **By the Member**

The Member may terminate the Policy at any time falling one year after the policy is taken out, subject to providing one (1) month's notice.

And, pursuant to Article L. 113-4 of the French Insurance Code:

In case of disappearance of aggravating circumstances mentioned in the Policy if the Insurer refuses to reduce the insurance Premium accordingly within ten (10) days of the complaint made by the Member by registered letter.

Termination shall take effect upon the expiry of a Thirty (30) Day period from the date on which the notice of termination was sent to Insurer.

In the event of a price increase, the Member may terminate the Policy within fifteen (15) Days of the date on which it became aware of this increase.

Termination shall take effect upon the expiry of a Thirty (30) Day period from the date on which the notice of termination was sent to Insurer.

2. **By the Insurer**

In the event of non-payment of the Premium within the deadlines provided for in Section IV of this information notice (Article L. 113-3 of the French Insurance Code).

In the event of an increase in the risk if the Member does not accept the new Premium rate proposed by the Insurer by the deadline stated in Section IV of this information notice (Article L. 113-4 of the French Insurance Code).

In case of omission or inaccuracy in the declaration of risk at the signing or during the life of the Policy (Article L. 113-9 of the French Insurance Code).

3. **Automatically**

In the event of complete withdrawal of the Insurer's authorisation, under the conditions of Article L. 326-12 of the French Insurance Code.

4. **Termination formalities**

The Member must be notified of termination by the Insurer by registered letter.

Where the Member has the right to terminate the Policy, it may do so at its option, either by registered letter or by a declaration made against receipt at the Insurer's headquarters.

In the event that a registered letter is sent, any notice period for termination (except in the case of non-payment of Premiums) shall be counted from the date of the postmark.

In the event of termination during an insurance period, the portion of the insurance Premium for the remaining term shall be reimbursed to the Member if it has been paid in advance. However, this portion of the Premium shall be retained by the Insurer if the Policy was terminated due to the non-payment of Premiums.

The termination or non-renewal of the Policy shall have no impact on the payment of benefits accrued or originating during its term.

Section VI – Miscellaneous Provisions

A. Compliance with economic and trade sanctions

The Insurer is not deemed to provide cover and is not required to pay any claim or compensation resulting therefrom if the provision of such cover, the payment of such a claim or compensation exposes the Insurer or its parent company to any sanction, prohibition or restriction implemented pursuant to United Nations resolutions or economic and trade sanctions, or the laws and regulations of the European Union, France, the United Kingdom, France or the United States of America.

B. Expert appraisal in the event of disagreement

In the case of a medical disagreement, each party shall appoint a physician to organise a joint expert appraisal.

If these physicians fail to reach an agreement, a third physician shall be added to reach a final decision, which will be the arbitrating decision.

If one of the parties does not appoint a physician or if the physicians representing the parties do not agree on the choice of the third physician, the President of the High Court of the Insured Party's Home will appoint the physician.

Each party will bear the fees and costs relating to the intervention of the physician that the party has designated. The fees and costs of the third physician's intervention will be divided equally between them.

C. Mediation

As this policy is made and signed in good faith, the contracting parties undertake, in the event of a dispute, to bring court proceedings only after an attempt at mediation.

To this end, they will each appoint a mediator. In case of disagreement between the two mediators on the resolution of the dispute, they may mutually choose a third mediator and rule by majority vote.

Each party shall pay the fees and expenses of the mediator that it has appointed and, where applicable, half the fees of the third mediator.

D. Limitation period

All actions arising from an insurance policy shall be limited to two (2) years from the date of the event giving rise to them under the conditions provided for in Articles L. 114-1 and L. 114-3 of the French Insurance Code.

Article L. 114-1 of the French Insurance Code provides that:

"All actions arising from an insurance policy are subject to a limitation period of two years from the date of the generating event.

However, this period shall only run:

1. In case of concealment, omission, or false or inaccurate declaration on the risk involved, from the day when the Insurer learned of it.
2. In the case of a Claim, from the day when the interested parties became aware of it, if they prove that they were unaware of it until then.

When the Insured Party's action against the Insurer is due to the recourse of a third party, the limitation period will run from the day when this third party initiated a court action against the Insured Party or was compensated by the Insured Party.

The limitation period will be extended to ten years for life insurance policies if the beneficiary is a person other than the Insured Party and, for personal accident insurance policies, if the beneficiaries are the assignees of the deceased Insured Party.

For life insurance policies, notwithstanding the provisions of paragraph 2, the beneficiary's actions will be limited in time to no more than thirty years from the death of the Insured Party."

Article L. 114-2 of the French Insurance Code provides that:

“The limitation period is interrupted by one of the ordinary causes of interruption of the limitation period and by the appointment of experts following a Claim.

The interruption of the limitation period of the action may also result from the sending of a registered letter or an email with return receipt sent by the Insurer to the Insured Party regarding the action for payment of the premium and by the Insured Party to the Insurer regarding the payment of the compensation.”

Article L 114-3 of the French Insurance Code:

“Notwithstanding Article 2254 of the French Civil Code, the parties to the insurance policy may not, even by mutual agreement, change the length of the limitation period or add causes for its suspension or interruption.”

The ordinary causes of interruption of the limitation period referred to in Article L. 114-2 of the French Insurance Code are set out in Articles 2240 to 2246 of the French Civil Code provided hereinafter.

Article 2240 of the French Civil Code:

The acknowledgement by the debtor of the right of the person whom the debtor attempted to prevent from invoking the statute of limitations interrupts the limitation period.

Article 2241 of the French Civil Code:

A legal action, even by way of summary proceedings, shall interrupt the limitation period and the peremptory time limit.

The same applies if the proceedings are brought before a court lacking jurisdiction or where the court referral is annulled due to a procedural error.

Article 2242 of the French Civil Code:

An interruption resulting from the proceedings continues to be effective until the closure of proceedings.

Article 2243 of the French Civil Code:

The interruption shall be voided if the plaintiff abandons the proceedings or allows the proceedings to lapse, or if the plaintiff's petition is definitively rejected.

Article 2244 of the French Civil Code:

The limitation period or peremptory time limit is also interrupted by a protective measure taken pursuant to French Civil Enforcement Proceedings Code or an enforcement act.

Article 2245 of the French Civil Code:

A formal demand made to one of the joint debtors by way of proceedings or an enforcement act, or the debtor's acknowledgement of the right of the person against whom the debtor invoked the limitation period shall interrupt the limitation period for all other parties, including their successors.

However, a formal demand made to one of the successors of a joint debtor, or this successor's acknowledgement thereof, shall not interrupt the limitation period with respect to the other joint successors, even in the case of a mortgage debt, if the debt can be divided. This questioning or acknowledgement only interrupts the limitation period, with respect to other co-debtors, for the portion for which the heir is responsible.

In order to interrupt the limitation period for the entire matter, with respect to other co-debtors, all the deceased debtor's heirs must be questioned or acknowledged.

Article 2246 of the French Civil Code:

The questioning of the principal debtor or its acknowledgement interrupts the limitation period against the surety.

E. Subrogation

Up to the amount of the compensation paid, the Insurer is subrogated under the terms of Article L. 121-12 of the French Insurance Code to the rights and actions of the Insured Party or his or her successors against any person responsible for the Claim. Similarly, where the cover provided under this Information Notice is fully or partially covered by another insurance policy or health insurance organisation, the Social Security department or any other institution, the Insurer shall take the place of the Insured Party or their Legal Representative in their rights against the aforementioned organisations and Insurers.

F. Multiple Insurance Policies

Note: subject to this particular scenario, any action taken by the Insured Party at his or her own initiative without the prior agreement of GIE CIVIS shall remain his or her responsibility unless such action constitutes a genuinely urgent protective measure in relation to which the Insured Party was unable to contact GIE CIVIS, including by telephone, and provided that such measures prove to be appropriate.

4. Choosing and engaging lawyers

If a lawyer needs to be engaged, the Insured Party shall be entitled to choose the lawyer (i.e. to give his or her name to GIE CIVIS).

Where the Insured Party chooses his or her lawyer, he or she must never engage the lawyer directly. The lawyer must be engaged by GIE CIVIS. The amount covered by the Insurer is assessed by mutual agreement between GIE CIVIS and the Insured Party or, failing that, as stated in E, based on the nature and issues at stake in the matter.

The Insurer shall not cover any additional costs resulting from the engagement of a lawyer who is not able to practise in the relevant jurisdiction (travel costs, costs of pleadings, etc.).

If the amount covered by the Insurer is less than the lawyer's fees, or the estimate that has been made, the Insured Party may appoint another lawyer or stay with his or her initial choice by paying any excess fees

himself or herself.

5. Payment of sums and subrogation

GIE CIVIS shall directly pay the covered fees and expenses without the Insured Party being required to make any advance payment, unless the Insured Party is able to recover value added tax, in which case GIE CIVIS shall repay to it, on presentation of supporting documents, the VAT-exclusive amount of these costs and fees.

GIE CIVIS shall repay to the Insured Party the sums and compensation obtained for its benefit within thirty days of the date on which it receives them.

For its part, the Insured Party is responsible for paying any deposits, sureties or provisions that may be required to cover uninsured charges.

The Insurer is subrogated under Article L. 121-12 of the Code to the rights and actions of the Insured Party against Third Parties up to the amounts that it has paid.

The Insured Party undertakes to protect these rights and, where necessary, pay the Insurer any amounts that it may directly receive in this respect, in particular those obtained pursuant to Article 700 of the French Code of Civil Procedure or any other equivalent provision.

e) Resolution of disputes arising between GIE CIVIS and the Insured Party

At the Insured's request, any disagreement arising between GIE CIVIS and the Insured Party regarding the implementation of this cover shall be submitted in a joint application to the Presiding Judge of the District Court with jurisdiction over the Insured Party's place of residence, acting as arbitrator.

The costs of this joint application shall be borne by the Insurer and such application shall not prohibit the Insured Party from seeking any other legal remedies at its own expense.

Section III – Declaration, necessary documents, and reimbursement of Claims

A. Insurance Claim (Private life civil liability)

Once the Insured Party has knowledge of an event likely to apply the cover under this Policy and no later than five (5) business days, the Insured Party must, under penalty of Forfeiture of the cover, except in case of a fortuitous event or force majeure, notify the Insurer in writing or verbally in exchange for a receipt.

The compensation or benefits shall be paid by the Insurer exclusively to a bank account at a bank in a European Union country and in euros.

C. Forfeiture applicable to all heads of cover

- **No compensation shall be payable for any Claim reported to the Insurer more than five (5) Days after its occurrence where such delay causes the Insurer to suffer any loss;**
- **A Member or Insured Party who intentionally provides false information or uses forged or falsified documents with the intention of misleading the Insurer shall forfeit any right to the cover for the Event in question;**
- **All necessary measures must immediately be taken to limit the consequences of the Event and speed up the recovery of the Insured Party, who must submit to the medical care required by their condition. The Insured Party shall forfeit any right to cover in the event of a failure to fulfil this commitment to limit the extent of the Claim;**
- **The Insurer's doctor must be able to freely examine the Insured Party in order assess their condition. Any unjustified refusal to comply with this assessment, after a formal notice has been provided by registered letter, shall result in the forfeiture of the cover.**

D. Documents to be provided

1. All heads of cover

- The Policy number.
- The detailed claim declaration
- Supporting documents for the request depending on the cover
- The Insured Party's bank details [RIB/IBAN]

2. For the cover for "private life" Civil Liability

Once the Insured Party has knowledge of an event likely to apply the cover under this Policy and no later than five (5) days, the Insured Party must, under penalty of Forfeiture of the cover, except in case of a fortuitous event or force majeure, notify the Insurer in writing or verbally in exchange for a receipt.

He or she must also:

- Indicate to the Insurer as soon as possible the circumstances of the Claim, its known or presumed causes, and the nature and approximate amount of the Damage.
- Take all measures to limit the extent of the Damage already known and prevent the occurrence of other Damage.
- Forward to the Insurer, as soon as possible, all notices, summonses, subpoenas, extrajudicial documents and procedural documents that are sent, delivered or served on him or her.

If the Insured Party fails to comply with the obligations listed in the previous three paragraphs, the Insurer shall have the right to compensation proportional to the Damage possibly caused by this failure to perform.

Section IV - Obligations of the Member

A. Declaration of risk on taking out the Policy

The Member must accurately declare all information of which they are aware that may enable the Insurer to assess the risks it is assuming and that are specified in the Policy's Special Conditions.

B. Declaration of changes to the risk during the life of the Policy

The Member must declare to the Insurer any aggravation of the elements used to assess the risk covered by the Insurer.

Where the modification constitutes an aggravation of the risk, such as if the new state of affairs had existed when the Policy was signed, the Insurer shall not be bound or shall be bound only by way of a higher Premium, the Insurer may propose a new Premium.

Should the Member refuse to pay this new Premium, the Insurer may terminate the Policy subject to a notice period of ten (10) days.

Any concealment, wilful misrepresentation, omission or inaccuracy in the disclosure of this information shall be subject to penalties, even if it has no impact on the Claim, in accordance with the conditions set out in Articles L. 113-8 and L. 113-9 of the French Insurance Code:

- **In the event of bad faith, by the Policy being rendered void;**
- **If bad faith is not established, by a reduction in compensation based on the premiums paid in relation to the premiums that would have been due had the risks been accurately and fully declared.**

In the event of a failure to fulfil the obligations relating to the Declaration of Risk on Taking Out the Policy and the Declaration of Changes in Risk during the course of the Policy, Forfeiture may be imposed on the Member.

C. Payment of the Premium

The Premium or, in case of split payment, the fractional Premiums and processing fees, in the amount stipulated in the Membership Certificate, as well as the taxes, shall be payable in advance on the agreed dates.

Should a Premium or Premium instalment not be paid within ten (10) Days of its due date, and irrespective of the Insurer's right to pursue the enforcement of the Policy in court, cover may only be suspended thirty (30) Days after the Policyholder has sent a registered letter constituting formal notice.

If the annual Premium is payable in several instalments, the non-payment of a Premium instalment by the due date shall result in the remaining Premium instalments for the current Policy Year being payable.

The Insurer shall have the right to terminate the Policy ten (10) days after the end of the period of thirty (30) days mentioned in the second sub-paragraph of this paragraph.

If the Policy has not been terminated, it shall regain its ongoing effect at noon on the day following the payment of the overdue Premium to the Insurer or its appointed representative. In the case of an annual split Premium, the same shall apply after payment of the overdue instalments that were the subject of the formal notice, along with those that became due during the suspension period, as well as any applicable prosecution and recovery fees.

Section V – Cancellation of the Policy

The Policy may be terminated:

1. **By the Member**

The Member may terminate the Policy at any time falling one year after the policy is taken out, subject to providing one (1) month's notice.

And, pursuant to Article L. 113-4 of the French Insurance Code:

In case of disappearance of aggravating circumstances mentioned in the Policy if the Insurer refuses to reduce the insurance Premium accordingly within ten (10) days of the complaint made by the Member by registered letter.

Termination shall take effect upon the expiry of a Thirty (30) Day period from the date on which the notice of termination was sent to Insurer.

In the event of a price increase, the Member may terminate the Policy within fifteen (15) Days of the date on which it became aware of this increase.

Termination shall take effect upon the expiry of a Thirty (30) Day period from the date on which the notice of termination was sent to Insurer.

2. **By the Insurer**

In the event of non-payment of the Premium within the deadlines provided for in Section IV of this information notice (Article L. 113-3 of the French Insurance Code).

In the event of an increase in the risk if the Member does not accept the new Premium rate proposed by the Insurer by the deadline stated in Section IV of this information notice (Article L. 113-4 of the French Insurance Code).

In case of omission or inaccuracy in the declaration of risk at the signing or during the life of the Policy (Article L. 113-9 of the French Insurance Code).

3. **Automatically**

In the event of complete withdrawal of the Insurer's authorisation, under the conditions of Article L. 326-12 of the French Insurance Code.

4. **Termination formalities**

The Member must be notified of termination by the Insurer by registered letter.

Where the Member has the right to terminate the Policy, it may do so at its option, either by registered letter or by a declaration made against receipt at the Insurer's headquarters.

In the event that a registered letter is sent, any notice period for termination (except in the case of non-payment of Premiums) shall be counted from the date of the postmark.

In the event of termination during an insurance period, the portion of the insurance Premium for the remaining term shall be reimbursed to the Member if it has been paid in advance. However, this portion of the Premium shall be retained by the Insurer if the Policy was terminated due to the non-payment of Premiums.

The termination or non-renewal of the Policy shall have no impact on the payment of benefits accrued or originating during its term.

Section VI – Miscellaneous Provisions

A. Compliance with economic and trade sanctions

The Insurer is not deemed to provide cover and is not required to pay any claim or compensation resulting therefrom if the provision of such cover, the payment of such a claim or compensation exposes the Insurer or its parent company to any sanction, prohibition or restriction implemented pursuant to United Nations resolutions or economic and trade sanctions, or the laws and regulations of the European Union, France, the United Kingdom, France or the United States of America.

B. Expert appraisal in the event of disagreement

In the case of a medical disagreement, each party shall appoint a physician to organise a joint expert appraisal.

If these physicians fail to reach an agreement, a third physician shall be added to reach a final decision, which will be the arbitrating decision.

If one of the parties does not appoint a physician or if the physicians representing the parties do not agree on the choice of the third physician, the President of the High Court of the Insured Party's Home will appoint the physician.

Each party will bear the fees and costs relating to the intervention of the physician that the party has designated. The fees and costs of the third physician's intervention will be divided equally between them.

C. Supervision of the proceedings

For Damage within the framework of the "private life Civil Liability" cover and within the limits thereof, the Insurer alone shall assume the supervision of the proceedings against the Insured Party and shall have free exercise of remedies.

The Insurer shall pay the fees and costs of investigations, inquiries, expert appraisals, lawyers and proceedings. These costs and fees shall be deducted from the applicable cover amount.

The Insurer's handling of the Insured Party's defence does not constitute a waiver for the Insurer of its right to invoke any exception of cover of which it was unaware when it took on the supervision of this defence.

In the event of criminal proceedings in which the civil interests are or will be pursued within the framework of this body or any other later body, the Insured Party undertakes to include the Insurer in his or her defence without this commitment changing the extent of the cover under this Policy.

Under penalty of Forfeiture, the Insured Party must not interfere in the supervision of the proceedings when the subject thereof falls within the "private life Civil Liability" cover.

D. Settlement

The Insurer alone has the right, within the limit of its cover, to negotiate with the aggrieved persons.

No settlement or acknowledgement of liability occurring apart from by the Insurer may be enforced against the Insurer.

However, neither an admission of a material fact nor the sole act of having provided emergency assistance to the victim when it involves an act of assistance that any person has the moral duty to perform will be deemed an acknowledgement of liability.

E. Mediation

As this policy is made and signed in good faith, the contracting parties undertake, in the event of a dispute, to bring court proceedings only after an attempt at mediation.

To this end, they will each appoint a mediator. In case of disagreement between the two mediators on the resolution of the dispute, they may mutually choose a third mediator and rule by majority vote.

Each party shall pay the fees and expenses of the mediator that it has appointed and, where applicable, half the fees of the third mediator.

F. Limitation period

All actions arising from an insurance policy shall be limited to two (2) years from the date of the event giving rise to them under the conditions provided for in Articles L. 114-1 and L. 114-3 of the French Insurance Code.

Article L. 114-1 of the French Insurance Code provides that:

"All actions arising from an insurance policy are subject to a limitation period of two years from the date of the generating event.

However, this period shall only run:

1. In case of concealment, omission, or false or inaccurate declaration on the risk involved, from the day when the Insurer learned of it.
2. In the case of a Claim, from the day when the interested parties became aware of it, if they prove that they were unaware of it until then.

When the Insured Party's action against the Insurer is due to the recourse of a third party, the limitation period will run from the day when this third party initiated a court action against the Insured Party or was compensated by the Insured Party.

The limitation period will be extended to ten years for life insurance policies if the beneficiary is a person other than the Insured Party and, for personal accident insurance policies, if the beneficiaries are the assignees of the deceased Insured Party.

For life insurance policies, notwithstanding the provisions of paragraph 2, the beneficiary's actions will be limited in time to no more than thirty years from the death of the Insured Party."

Article L. 114-2 of the French Insurance Code provides that:

"The limitation period is interrupted by one of the ordinary causes of interruption of the limitation period and by the appointment of experts following a Claim.

The interruption of the limitation period of the action may also result from the sending of a registered letter or an email with return receipt sent by the Insurer to the Insured Party regarding the action for payment of the premium and by the Insured Party to the Insurer regarding the payment of the compensation."

Article L 114-3 of the French Insurance Code:

"Notwithstanding Article 2254 of the French Civil Code, the parties to the insurance policy may not, even by mutual agreement, change the length of the limitation period or add causes for its suspension or interruption."

The ordinary causes of interruption of the limitation period referred to in Article L. 114-2 of the French Insurance Code are set out in Articles 2240 to 2246 of the French Civil Code provided hereinafter.

Article 2240 of the French Civil Code:

The acknowledgement by the debtor of the right of the person whom the debtor attempted to prevent from invoking the statute of limitations interrupts the limitation period.

Article 2241 of the French Civil Code:

A legal action, even by way of summary proceedings, shall interrupt the limitation period and the peremptory time limit.

The same applies if the proceedings are brought before a court lacking jurisdiction or where the court referral is annulled due to a procedural error.

Article 2242 of the French Civil Code:

An interruption resulting from the proceedings continues to be effective until the closure of proceedings.

Article 2243 of the French Civil Code:

The interruption shall be voided if the plaintiff abandons the proceedings or allows the proceedings to lapse, or if the plaintiff's petition is definitively rejected.

Article 2244 of the French Civil Code:

The limitation period or peremptory time limit is also interrupted by a protective measure taken pursuant to French Civil Enforcement Proceedings Code or an enforcement act.

Article 2245 of the French Civil Code:

A formal demand made to one of the joint debtors by way of proceedings or an enforcement act, or the debtor's acknowledgement of the right of the person against whom the debtor invoked the limitation period shall interrupt the limitation period for all other parties, including their successors.

However, a formal demand made to one of the successors of a joint debtor, or this successor's acknowledgement thereof, shall not interrupt the limitation period with respect to the other joint successors, even in the case of a mortgage debt, if the debt can be divided. This questioning or acknowledgement only interrupts the limitation period, with respect to other co-debtors, for the portion for which the heir is responsible.

In order to interrupt the limitation period for the entire matter, with respect to other co-debtors, all the deceased debtor's heirs must be questioned or acknowledged.

Article 2246 of the French Civil Code:

The questioning of the principal debtor or its acknowledgement interrupts the limitation period against the surety.

G. Subrogation

Up to the amount of the compensation paid, the Insurer is subrogated under the terms of Article L. 121-12 of the French Insurance Code to the rights and actions of the Insured Party or his or her successors against any person responsible for the Claim. Similarly, where the cover provided under this Information Notice is fully or partially covered by another insurance policy or health insurance organisation, the Social Security department or any other institution, the Insurer shall take the place of the Insured Party or their Legal Representative in their rights against the aforementioned organisations and Insurers.
